ENCLOSURES

(I)

Report on the audit of the Tuticorin Port Fund and the Tuticorin Port Trust Fund accounts (Tinnevely district) for the year 1930-31.

The audit of the accounts for the period 1st April 1930 to 31st March 1931 was commenced on the 14th August 1931 and ended on the 2nd September 1931.

2. During the period under audit the office of Chairman, Port Trust, was held by S. P. THANGAIAH, Esq., I.C.S., from 1st April 1930 to 12th October 1930, by R. F. HEVCOCK, Esq., Port Officer, from 12th October 1930 to 15th December 1930 and by E. B. COLEMAN, Esq., I.C.S., from 15th December 1930 to 31st March 1931.

3. The closing balances (viz., Port Fund Rs. 1,77,505-11-5 and Port Trust Fund, Rs. 80,053-11-11) were in agreement with those appearing in the Assistant General's preliminary statement for 1930-31 after allowing for outstanding cheques, the President Fund and unrecalled receipts on hand at the close of the year.

4. The audit was conducted by District Inspector Mr. V. Natesa Ayyar in accordance with the rules on the subject, and an objection statement showing the defects discovered during it will be forwarded to the Chairman. The general result was satisfactory.

5. The balance on the 31st March 1931 relating to the Special President Fund of the Tuticorin Port Trust was Rs. 1,283-14-3.

6. Short collection of Port dues—S. S. "Cien MacKintosh"—Fouage 2,775 rupees. Port dues collected at 3 annas per ton.—In G.O. No. 534, Finance (Marine), dated 31st October 1930, a reduction in the rate of port dues from 4 annas to 3 annas was announced with effect from 1st December 1930. As the vessel entered the harbour on 20th November 1930, itself a rate of 4 annas was chargeable. The short collection of Rs. 175-7-0 was recovered on 23rd August 1931 after the mistake was pointed out in audit.

7. Non-recovery of ground-rent—Item 2 of the Ground-rent Register—Zinc shed put up by Messrs. A. and F. Harry—Amount due Rs. 150 per annum.—The amount due for the period from the 15th December 1930 to 15th December 1931 was not claimed and recovered though the rent was recoverable in advance. The amount was recovered on 22nd August 1931 after the omission was pointed out in audit.

8. Omission to collect Port dues—Tugboat "Lady Gerken" belonging to the Fisheries Department.—In G.O. No. 171, Finance (Marine), dated 20th March 1931, it was ordered that the vessel should be treated as not belonging to His Majesty or to the Government of India and that the vessel was not therefore exempt from the payment of port dues. The same order was again issued in G.O. No. 2108, Revenue, dated 15th December 1930. The vessel entered the port twice in 1930-31, that is, on the 19th May 1930 and 24th November 1930, according to the Entry and Clearance Register. The omission to collect the dues does not appear to be in order and the amount needs recovery.

9. *Acceptance of tenders*.—Section of the Port Trust Board was obtained.—Under the delegation of powers sanctioned in G.O. No. 845, Finance (Marine), dated 16th September 1929, the Chairman, Port Trust, is authorised to enter into contracts only in respect of works costing not more than Rs. 50 each. The tenders for the supply of gravel, small stones, blue metal, pipes, etc., estimated to cost over Rs. 50 were accepted by the Chairman and were not placed before the Board for acceptance. It was explained that the same in the estimate "tenders will be called for for stones, gravel and pipes and accepted" was a delegation to the Chairman to accept the tenders. As no mention was made about the authority empowered to accept tenders, the sanction of the Port Trust Board should have been obtained in the absence of a specific delegation.

10. *Payment at a rate in excess of the rate in the schedule of rates*.—One Somasundaram Aiyar, multi-tenure, was paid at Rs. 1-10-0 against Rs. 1-8-0 the maximum rate according to item 30 of the Harbour schedule of rates. The Harbour Engineer, Tuticorin, stated in his letter No. 2333, dated 23rd August 1929, that for special reasons he has sanctioned plans and execute works, the schedule rate ranged up to Rs. 1-8-0 per diem. The amount was paid at Rs. 1-10-0 per diem for 245 days in 1929-31. The rate according to the Local Fund schedule of rates is Rs. 1-2-0 only. The payment at Rs. 1-10-0 per diem is not admissible in the absence of special sanction of the Trust Board.

11. *Import duty on finished, etc., brought in Tuticorin through boats*.—Import duty on finished and other articles exempt from Customs duty brought to Tuticorin through boats were collected on the weights shown on the applications without independent weighment. The only other document relied on was the boats' export manifest countersigned by the Customs Inspector of the port from which the articles were brought. These articles not being liable to customs duty, the countersignature of the Customs Inspector cannot be taken to prove the correctness of the weights shown in the manifests. In the case of articles imported through customs, the weights shown in the bills of lading on which freight was paid was taken as the correct weight in accordance with rule 7 of the rules issued in G.O. No. 618, Finance (Marine), dated 16th December 1924. An examination of the collection of import duty on the imports of finished in 1930-31 showed that the weight for which import duty was collected was considerably less than the carrying capacity of the boats—vide a few instances quoted below.* Although a petition was received alleging that less weight only was shown in the applications and manifests relating to finished imports and that there was a leakage of revenue by collecting duty without independent weighment, no action would appear to have been taken on the petition. The matter did not also appear to have been taken to the notice of the Board with a view to prescribe adequate safeguards to prevent leakage of revenue.

Extract from the proceedings of the Tuticorin Port Trust Board, dated the 10th October 1931.

Read letter L.F. No. 2349, dated 11th September 1931, from the Examiner of Local Fund Accounts, Madras, forwarding the report on the audit of the accounts of the Tuticorin Port and Port Trust Funds for 1930-31 and remarks thereon.

Resolution No. 263.—The Board sanctions the addition to the notes of audit inspection and also sanctions the payment of Rs. 1-10-0 per day to maintenance for 285 days as a special case.

(9)

Replies to the notes of audit inspection.

Paragraph 8.—Government Memorandum No. 1306 IL 38-1, Development, dated 21th May 1928, was taken to mean that port dues were not to be collected when the vessel was doing research and experimental work. The auditor's attention was drawn to this point during the audit for 1929-30 and the above procedure was accepted by him as correct. The trawler "Lady Gooden" has always entered this port when carrying out experimental and research work during 1929 to present date.

Paragraph 9.—This procedure has always been followed. As this has been objected to by the auditor only this year, Board's specific sanction will be obtained in future.

Paragraph 10.—Dueses 1-10-0 was paid as a special case under advice from the Harbour Engineer Mr. Campbell. Board's sanction to cover excess payment is obtained.

The Local Fund schedule of rates is not followed by the Trust but the Harbour schedule of rates.

Paragraph 11.—This procedure has always been in force. Firewood and general cargo is carried by cargo boats. The customary documents are accepted with regard to the weight of the cargo. The District Inspector has the erroneous idea that a boat registered as "say 20 tons" must carry 20 tons of cargo whereas boats carry that cargo which is available. Sometimes they are loaded and at others half-loaded. It all depends upon the freight available. The petition received at this office was anonymous; it was sent by one to the Chairman who endorsed on it "No action is necessary". In the case of Boat No. 73 of 58 tons arrived with 15 tons of firewood—During audit this case was brought before the auditor and it was explained by the trial that boats take whatever cargo is available; they are never sure of obtaining a full load. There is not staff available to clerkweigh such cargo that arrives with firewood or other cargo.

Paragraph 12.—Vide item 14. Board's sanction is obtained.

H. F. HENDON,
Port Officer and Secretary, Port Trust.

Finance (Madras) Department, dated Madras, the 15th October 1931, No. T.H. 55.
Letter from L. R. Wynn, Esq., Accountant-General, to the Secretary to Government.

With reference to section 36 of the Tuticorin Port Trust Act of 1924, I have the honour to forward herewith the audit report on the works expenditure of the Tuticorin Port Trust for the year 1930-31.

*EXECUTIVE**Audit report on the works expenditure of the Tuticorin Harbour Division for 1930-31.*

1. *Capital Expenditure.*—A sum of Rs. 29,345 was provided for Capital Works in the budget estimate for 1930-31. Out of this, a sum of Rs. 17,221 was surrendered by the Harbour Engineer-in-Chief and the surrender accepted in G.O.R. No. 25, Finance (Madras), dated 11th February 1931. This surrender was mainly due to the excess appropriation of Rs. 17,240 required under suspense for the year under review. The expenditure against the final appropriation of Rs. 3,024 is shown in the Schedule (A) attached. The total expenditure incurred on each work to end of 1930-31 against the amount of sanctioned estimate is also shown therein.

In all cases except one, the actual expenditure was less than the amount provided for in the final appropriation and in one case, where the actuals were in excess, the amount involved was only Rs. 6 which is trifling. In the case of suspense, the actuals were under Rs. 12,118 against the appropriation of under Rs. 17,240. The difference is mainly due to the debit to suspense under "purchases", which, the Superintendent of Machinery states, was by an oversight, omitted to be taken into account when applying for an appropriation under this head.

2 *Revenue Account*.—Schedule B shows the details of revenue realized during the year and also the expenditure on Engineering and Maintenance works charged to Revenue Account with the original and revised appropriation therefor.

The revenue realized during the year was Rs. 1,296 as against Rs. 1,516 of the previous year. The actual expenditure for the year was Rs. 1,80,229 against the appropriation of Rs. 1,89,290, the difference being petty.

3. *Surplus*.—A comparative statement of the outstanding balance is given below:—

Year.	Stock held balance.	Maintenance Folio Works advance debit balance.	Furniture, Credit balance.
1924-25	45,573	Nil.	Rs. 219
1925-26	45,765	19,103	1,512
1926-27	52,132	10,006	68

The closing balance under stock and the sanctioned reserve fund for the year are stated below:—

Nature of stock.	Closing balance.	Sanctioned reserve fund.
(1) Coal	Rs. 3,474	Rs. 22,000
(2) Other stores	22,458	60,000

Stock.—The closing balances of stock were verified by Mr. A. U. Wright, Superintendent of Machinery, on 20th March 1931, 2nd, 3rd, 4th and 6th April 1931. No appreciable variations were noticed in the course of the above verification.

Miscellaneous P.W. Advances.—The outstanding balance of Rs. 10,984 under Miscellaneous P.W. Advances consists of (1) Rs. 10,424, fees paid to Sir John Biko for professional services rendered in connection with preparation of specification for Dipper Dodge for Yumburra, (2) Rs. 560, expenditure incurred on coastal survey north of Madras Harbour.

As regards item (1), Government in their Memorandum 25227 Mar-1, dated 15th August 1930, have stated that the High Commissioner's reply is under consideration of Government. Item (2) has been adjusted in the accounts for 1931-32.

4. *Tools and plant*.—The articles borne on the tools and plant account were verified by Mr. John Campbell on 12th and 14th November 1930, 17th, 22nd and 23rd December 1930 and no variations were noticed.

5. *Materials at sale*.—These were verified by Mr. A. U. Wright, Superintendent of Machinery, and no differences were found.

6. *General*.—(a) In paragraph 7 of the audit report for 1929-30, it was stated that a separate report on the workable output, if any, consequent on the abandonment of the construction of the Harbour works would be submitted after the disposal of surplus plant and machinery. In February 1931 Government issued orders prescribing the principle to be adopted for their disposal. A staff for the purpose at a monthly cost of Rs. 455, besides free quarters for the Superintendent of Machinery, was also sanctioned on 30th September 1931. In the first instance the staff has since been extended up to 28th February 1932. The book value of the plant, machinery, etc., the value of two dredgers since coming to Rs. 9,25,591. The sub-accounts realized till the end of March 1931 amounted to Rs. 10,065 while the realizations from April to the end of September 1931 amounted to Rs. 12,623. Judging from the progress of these sales and from the statement of the Harbour Engineer-in-Chief that the market is glutted with much second-hand material, apart from the existing world-wide trade depression, it is doubtful whether the sales will be completed within the time now extended. As it is desirable to avoid further liability by way of maintenance, which comes to about Rs. 7,000 per annum and to determine as early as possible the extent of loss due to the abandonment of the works, it is for consideration of Government whether the existing arrangement for the disposal of the plant should be continued any longer.

(b) Since the last report, the accounts of the Division have not been inspected. This will be done in November 1931.

[Tuticorin Port Trust Fund, 1930-31—Audit report on the works expenditure—*Reference*—From the Accountant-General, No. T.H. 85, dated 15th October 1931.]

The audit report of the Accountant-General on the works expenditure of the Tuticorin Port Trust Fund for the year 1930-31 is forwarded to the Harbour Engineer-in-Chief and he is requested to state whether he has any remarks to offer on the report.

R. M. Hoco,

To the Harbour Engineer-in-Chief.

Memorandum No. 32174-2, Finance (Marine), dated 30th October 1931.

[Tuticorin Port Trust Fund—Administration and audit reports for 1930-31—*Reference*—From the Chairman, Tuticorin Port Trust, No. 3-1571, dated 13/14th October 1931.]

The administration report of the Tuticorin Port Trust Fund for the year 1930-31 received with the Chairman's letter cited above shows that there was in that year a fall of Rs. 247-65 lakhs in the value of the trade of the port as compared with the value of trade in 1929-30. The Chairman, Tuticorin Port Trust, is requested to state whether the fall is due to the reduction in the tonnage of the trade and whether there are any other reasons for the fall.

2. The Chairman, Tuticorin Port Trust, is also requested to state whether the Trust has any remarks to offer on the Accountant-General's audit report, 1930-31, on the works expenditure of the Tuticorin Port Trust Fund.

H. M. Hoco,

Secretary to Government.

To the Chairman, Tuticorin Port Trust.

Memorandum No. 32174-3, Finance (Marine), dated 30th October 1931.

Letter from R. G. BRISTOW, Esq., M. INST. C.E., M. INST. C.E., Harbour Engineer-in-Chief, to the Secretary to Government, Finance (Marine) Department, dated the 10th November 1931, No. 3054/31-1.

[*Reference*—Government Memorandum No. 32174-1, Marine, dated 30th October 1931.]

I have the honour to observe that in paragraph 6 (a) of the audit report, it is stated that a sum of Rs. 7,000 per annum will have to be spent by way of maintenance. Apparently, this sum represents the staff charges of the Superintendent of Machinery only and not the works expenditure on account of maintenance of tools and plant, machinery, etc., which would come to about Rs. 20,000 a year.

2. The view of this department as to the advisability of spending this sum annually is given clearly in paragraphs 2 and 3 of Harbour Engineer-in-Chief's letter No. 2775/30-1, dated 13th December 1930. I am unable to see how any other policy can be adopted with advantage to Government or to the Tuticorin Port Trust.

3. If it is assumed that the fourth stage of the Cochin Harbour will be proceeded with next year, no doubt a good deal of plant and stores can be transferred during the next year or two. Moreover, by that time the worst of the trade depression may be over and there may be more chance of disposing of the plant elsewhere. On the balance of chances, I recommend that the present arrangements should continue for another year or two at any rate.

Letter from E. B. CONRAD, Esq., I.C.S., Chairman, Port Trust, Talienia, to the Secretary to Government, Finance (Marine) Department, dated 16th/17th November 1931, No. 4-3846.

I have the honour to submit that the fall in the value of the trade of the port is due not only to the reduction in the tonnage of the trade but also to the fall in price of articles, money being scarce. Prohibition was imposed on the importation of coffee from the Straits Settlements.

2. The Trust has no remarks to offer on the audit report of the works expenditure of the Talienia Port Trust Fund for 1930-31, vide copy of resolution submitted.

ENCLOSURES

Extract from the proceedings of the Talienia Port Trust Board, dated the 14th November 1931.

Read copy of Accountant-General's audit report on the works expenditure of the Talienia Harbour Division.

Resolution No. 292.—Recorded.

Letter from A. R. EMMETT, Esq., O.B.E., F.R.S.E., F.A.S., Examiner of Local Fund Accounts, to the Secretary to Government, Finance (Marine) Department, dated Madras, the 17th December 1931, L.F. No. 4634.

[Audit report on the accounts of the Talienia Port Trust and Port Funds.]

With reference to Government Memorandum No. 32174-3, Marine, dated 30th October 1931, on the subject noted above, I have the honour to offer the following remarks on the observations of the Talienia Port Trust on the audit report.

2. Paragraph 3 of the Audit Report.—The doubt whether port dues are recoverable when the traveller is engaged on scientific research work having been cleared in G.O. Ms. No. 2198, Development, dated 11th December 1930, the Port Trust will have to collect port dues in future when the traveller enters the port. It is, however, not necessary to insist on the recovery of port dues in the cases mentioned in the audit report as they occurred before the issue of the Government Order.

3. Paragraph 11 of *ibid*.—No action is necessary if there is no risk of leakage of revenue or if the cost of safeguards will be in excess of the possible leakage of revenue.

The main object of this Bill is to facilitate the prompt collection of the tax imposed on motor vehicles by the Madras Motor Vehicle Taxation Act, 1931 (Madras Act III of 1931) and thereby to secure the payment in full measure of the compensation to which local bodies are entitled.

2. The collection of tax under the Act has so far been discouraging, largely on account of the fact that the Act does not give sufficient powers to the police to check whether motor vehicles have obtained licences under it or not. Section 8 of the Act provides that the licence granted in respect of a motor vehicle

should be entered in a conspicuous place therein, but no penalty is provided for failure to comply with this provision. Nor have the police power under the Act to stop the vehicle for the purpose of verifying whether a licence has been obtained in respect of it or not. The Bill remedies both these defects by making failure to exhibit the licence on the vehicle an offence by that section a punishable offence and by empowering a police officer in uniform to stop the vehicle for the purpose of satisfying himself that the provisions of the section have been complied with.

3. In order to encourage payment of tax for more than one quarter in advance it is proposed to take power to exempt a vehicle in such cases and also to enable a refund of the tax being given where a vehicle has not been used during the whole or any portion of a quarter not being less than a month.

4. Difficulty is experienced in calculating the 'grossed weight' of a motor vehicle or trailer as defined in the Act and so it is proposed to simplify the definition by omitting therefrom the words "motor, fuel, oil, and water".

5. It has been represented to Government that the Act as it stands which requires every motor vehicle kept or used in the Presidency to pay the tax works hardship in the case of vehicles which make no use at all of public roads. To remedy this complaint, it is proposed to make use of public roads the criterion of liability to pay the tax.

6. Section 8 which provides an elaborate procedure for seizure and sale of motor vehicles in respect of which the tax has not been paid, has been deleted and in addition to section 9 has been made to the effect that the vehicle and its accessories may be distrained and sold under that section.

7. This opportunity has been taken to set right two slight errors in Schedule I of the Act.

8. The other amendments made are consequential.
